All other unnamed routes, such as Turkey, have their last conventional departure in the previous week. The second mentioned departure is optional, depending on the respective shipment sizes and distances as well as temporal parameters.

Between Christmas and New Year, we are also on the road with our truck fleet. Since the loading volume is limited during this time, we ask for a separate coordination with you known contact person from our Sales and Customer Service Team.

In the New Year 2022, our traffic with regular departures will start on Monday, 03.01.2022, our domestic groupage network will start in CW 2. However, we ask to consider the international holiday on Thursday 06.01.2022, which, for example in Spain or Austria, has a truck driving ban result.

We wish a nice autumn and advent season.

Yours faithfully,
